

## Our Memories...we want to:

1) **Create a booklet on all our classmates.** Would you please write a synopsis of what your life has been like since leaving Del Mar? Booklets will be available to purchase and will be mailed after the reunion as we would like to include some pictures from the Reception and Reunion Dinner. Purchase price will be at our cost to print and mail. **Please see the attached sample.** Suggestions of what to include are:

Your name (include maiden name)	Marital Status	Spouse/Significant Other's name
Children	Grandchildren	Great Grandchildren
Where you have lived	Career/Companies	Retirement
Travel	Hobbies	Other

**If you have a picture you would like to include, please send it with the write-up or you can email a jpeg to Janet at [hanlyfamily@yahoo.com](mailto:hanlyfamily@yahoo.com). If you scan them, please use the highest resolution possible.**

2) **Produce a DVD to be shown during the reunion dinner.** If you have any pictures from your high school days, we would love to include them in the DVD. They will be returned to you if they are labeled on the back with your name. We'd like to include the following:

Sports Events	Parties	Dances	Rooter Bus
Junior Prom	Sr Ball	Sneak Day	Any and all Kodak moments

**Please send to Janet by email or regular mail, as soon as you can, as it will take time to get this all put together and ready to show at the dinner. If you scan them, please use the highest resolution possible.**

**We would like to hear from everyone, even if you are not able to attend the reunion.**

**1960-1969 DEL MAR**

Name: Lois Goodman '65

Email:

Occupation: Retired (2004) biologist/ecologist US Army Corps of Engineers

Family: No family of my own except my cat. Mom still lives near Del Mar.

Interests: Masters swimming, international folk dancing, square dancing, travel, history.

In 1965, I went to UC Davis, starting as a French Major, but graduated in 1969 in Biology. I spent the next year as a lab assistant at UC Berkeley, then went to CU in Boulder, Co. to earn a MA in biology, learned to ski, and worked as a research assistant in the San Juan Mountains. The next year I traveled through Europe and Israel and worked on 2 kibbutzim and 2 archeological digs. Next I worked 2 years in San Mateo, then moved to Southern Ca. to continue grad work in botany in Claremont. From 1979-2004, I worked for the Army Corps of Engineers in LA, took trips to South and Central America, Tahiti, France, and Hawaii, attended several 1984 Olympic events in LA and was inspired to join a Masters swimming team. I'm still actively involved. Since retiring, I drove across the USA and back. Now I spend most of my time swimming and traveling in the US
